EVANSVILLE  
REGIONAL  
ECONOMIC  
PARTNERSHIP

Welcome to E-REP,

Thank you for being part of E-REP and for investing in the future of the Evansville Region. Your engagement, whether as a business leader, community partner, or advocate, plays a meaningful role in shaping where our region is headed.

E-REP exists to bring people together to move the region forward. By aligning business, education, and civic leadership, we focus on the issues that matter most, including talent attraction and retention, workforce readiness, quality of place, and long term economic competitiveness. Progress does not happen in silos. It happens when committed members step up, share ideas, and work toward solutions together.

This membership guide outlines how E-REP supports the region and how you can engage in that work through advocacy, programs, events, and partnerships designed to create real impact. The challenges we face are complex, but so is the opportunity in front of us. With strong collaboration and a clear focus, the Evansville Region can continue to grow as a place where people want to live, work, and build their future.

We are glad you are here and look forward to working alongside you.
